North American Vertical Datum of 1988 (NAD 88). Levels of sea level would be more than double flood elevations for sites projected in the Summary of Estimated Floods table in the Flood Insurance Study Report for the jurisdiction concerned where the Summary of Estimated Floods table would be used to compute, under Federal regulations, premium rates when they are higher than the premiums shown in the table.

With the exception of the National Democratic Party at the bottom, all other parties are represented in the Senate.

There were additional errors in the Form 1000 filed by the
same firm in April. One error was repeated and uncorrected by Hanes Group.

Comments made by the public on the proposed rule will be accepted until January 15, 1987. The public may also request a hearing before the Commission. Requests for hearings must be filed with the Commission at least 30 days prior to the date of the hearing.
