Dear Property Owner:

Hurricane Harvey physically damaged many properties across Harris County. Section 23.02 of the Texas Property Tax Code allows the governing body of a taxing jurisdiction to authorize reappraisal of all damaged property due to a disaster. The following jurisdictions in which your property resides have requested a reappraisal of physically damaged properties within their boundaries:

KATY ISD

We have determined that your property was NOT physically damaged during Hurricane Harvey.

If you have additional information that will require a reappraisal of your property, you can submit the information through <http://reappraisal.hcad.org>, using the Reappraisal PIN in the upper right corner of the page. You will be able to submit documents and pictures electronically through the website for our review. You can also submit documentation through the mail using the P.O. Box indicated in the top left corner of the page.

We suggest that you submit pictures of physical damage showing the water height in your building along with any repair costs or insurance settlements. Any information that you provide will help to ensure that we appropriately adjust your market value due to the disaster. Documentation can be submitted until **March 26, 2018**. After review, we may contact you to discuss the information presented and how it impacts your reappraisal.

Additional information can be found at <http://reappraisal.hcad.org>. If you have questions, please contact us at help@hcad.org or at 713-957-7800.

Sincerely,

A handwritten signature in black ink that reads "Roland Altinger".
