If the answer to any of the items in Section 3 is Yes, explain (attach additional sheets if necessary):

Previous Roof Repairs – Previous owner had a small satellite dish near the back door, when we removed it we had a contractor install a new sheet of shingles over the previous dish installation site

Water Damage Not Due to a Flood Event – Small leak in laundry room ceiling during a hard-freeze. Plumber fixed the copper pipe and a drywaller fixed the ceiling, no serious issues as the leak was seen immediately and the water shut off. The pipe now has pipe insulation wrap and much more blow-in insulation than it previously did/it's better protected now than before that freeze.

Wood Rot – Typical degradation of wood siding near base

*A single blockable main drain may cause a suction entrapment hazard for an individual.

Section 4. Are you (Seller) aware of any item, equipment, or system in or on the Property that is in need of repair, which has not been previously disclosed in this notice? yes no If yes, explain (attach additional sheets if necessary):

Section 5. Are you (Seller) aware of any of the following conditions?* (Mark Yes (Y) if you are aware and check wholly or partly as applicable. Mark No (N) if you are not aware.)

Y N

- Present flood insurance coverage.
- Previous flooding due to a failure or breach of a reservoir or a controlled or emergency release of water from a reservoir.
- Previous flooding due to a natural flood event.
- Previous water penetration into a structure on the Property due to a natural flood event.
- Located wholly partly in a 100-year floodplain (Special Flood Hazard Area-Zone A, V, A99, AE, AO, AH, VE, or AR).
- Located wholly partly in a 500-year floodplain (Moderate Flood Hazard Area-Zone X (shaded)).
- Located wholly partly in a floodway.
- Located wholly partly in flood pool.
- Located wholly partly in a reservoir.

If the answer to any of the above is yes, explain (attach additional sheets if necessary):

Present flood insurance coverage – We carry flood insurance

Located wholly or partly in a 100-year floodplain (Special Flood Hazard Area–Zone A, V, A99, AE, AO, AH, VE, or AR) – Per the FEMA map, the lot is in AE. To our knowledge, the house has never actually flooded. We have an elevation certificate from 2014 we can share.

***If Buyer is concerned about these matters, Buyer may consult Information About Flood Hazards (TXR 1414).**

**For purposes of this notice:*

"100-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area, which is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, which is considered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir.

"500-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard area, which is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, which is considered to be a moderate risk of flooding.

"Flood pool" means the area adjacent to a reservoir that lies above the normal maximum operating level of the reservoir and that is subject to controlled inundation under the management of the United States Army Corps of Engineers.

"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).

"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.

"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.

Section 6. Have you (Seller) ever filed a claim for flood damage to the Property with any insurance provider, including the National Flood Insurance Program (NFIP)?* yes no If yes, explain (attach additional sheets as necessary):

*Homes in high risk flood zones with mortgages from federally regulated or insured lenders are required to have flood insurance. Even when not required, the Federal Emergency Management Agency (FEMA) encourages homeowners in high risk, moderate risk, and low risk flood zones to purchase flood insurance that covers the structure(s) and the personal property within the structure(s).

Section 7. Have you (Seller) ever received assistance from FEMA or the U.S. Small Business Administration (SBA) for flood damage to the Property? yes no If yes, explain (attach additional sheets as necessary):

Section 8. Are you (Seller) aware of any of the following? (Mark Yes (Y) if you are aware. Mark No (N) if you are not aware.)

Y N

Room additions, structural modifications, or other alterations or repairs made without necessary permits, with unresolved permits, or not in compliance with building codes in effect at the time.

Homeowners' associations or maintenance fees or assessments. If Yes, complete the following:

Name of association: **Taylorcrest HOA**

Manager's name: **Maggie Asher** Phone: **832-818-1861**

Fees or assessments are: **\$\$\$97.00** per Year and are: mandatory voluntary

Any unpaid fees or assessment for the Property? yes (\$_____) no

If the Property is in more than one association, provide information about the other associations below:

Any common area (facilities such as pools, tennis courts, walkways, or other) co-owned in undivided interest with others. If Yes, complete the following:

Any optional user fees for common facilities charged? Yes No If Yes, please describe:

Any notices of violations of deed restrictions or governmental ordinances affecting the condition or use of the Property.

Any lawsuits or other legal proceedings directly or indirectly affecting the Property. (Includes, but is not limited to: divorce, foreclosure, heirship, bankruptcy, and taxes.)

Any death on the Property except for those deaths caused by: natural causes, suicide, or accident unrelated to the condition of the Property.

Any condition on the Property which materially affects the health or safety of an individual.

Any repairs or treatments, other than routine maintenance, made to the Property to remediate environmental hazards such as asbestos, radon, lead-based paint, urea-formaldehyde, or mold.

If Yes, attach any certificates or other documentation identifying the extent of the remediation (for example, certificate of mold remediation or other remediation).

Any rainwater harvesting system located on the Property that is larger than 500 gallons and that uses a public water supply as an auxiliary water source.

The Property is located in a propane gas system service area owned by a propane distribution system retailer.

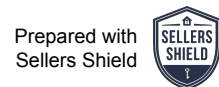

Any portion of the Property that is located in a groundwater conservation district or a subsidence district.

If the answer to any of the items in Section 8 is yes, explain (attach additional sheets if necessary):

Room Additions - We had the original electrical panel replaced by an electrician in 2017, but I don't think he pulled permits. We have used the new panel for multiple years with no issue. We had electricity ran for the hot tub, RV panel and patio, the work was performed by an electrician, but he did not pull permits. We have replaced numerous outlets/receptacles, light switches, light fixtures/fans, replaced the cooktop, replaced water heater, dishwasher and kitchen sink, which permits were not pulled for. A contractor converted ceiling fans into recessed and pendant lighting in the kitchen in 2014 without permits. Both A/C's have been replaced by licensed HVAC technicians: the downstairs unit had a permit pulled, but the upstairs unit did not. I enclosed the wet bar under the stairs into a closet, I did the work myself and did not pull permits. We used contractors to refurbish the master bathroom, they ran new plumbing to add a second shower-head and moved the drain to the center of the shower, no permits were pulled. A water purification company installed the reverse osmosis system under the kitchen sink, I do not know if that requires permits but they did not try to pull them. I replaced all exterior doors and I replaced some wood siding that was rotting at the base, I do not know if that requires permits but I did not try to pull them.

Homeowners association - The subdivision is in the Taylorcrest HOA

Section 9. Within the last 4 years, have you (Seller) received any written inspection reports from persons

who regularly provide inspections and who are either licensed as inspectors or otherwise permitted by law to perform inspections? yes no If yes, attach copies and complete the following:

Note: A buyer should not rely on the above-cited reports as a reflection of the current condition of the Property. A buyer should obtain inspections from inspectors chosen by the buyer.

Section 10. Check any tax exemption(s) which you (Seller) currently claim for the Property:

- Homestead Senior Citizen Disabled
- Wildlife Management Agricultural Disabled Veteran
- Other: _____ Unknown

Section 11. Have you (Seller) ever filed a claim for damage, other than flood damage, to the Property with any insurance provider?

yes no

Section 12. Have you (Seller) ever received proceeds for a claim for damage to the Property (for example, an insurance claim or a settlement or award in a legal proceeding) and not used the proceeds to make the repairs for which the claim was made? yes no

If yes, explain:

Section 13. Does the Property have working smoke detectors installed in accordance with the smoke detector requirements of Chapter 766 of the Health and Safety Code?* yes no unknown

If no or unknown, explain (Attach additional sheets if necessary):

Multiple battery operated smoke detectors installed throughout the house, do not know if they meet the exact specifications of Chapter 766 of the Health and Safety Code (we bought them at Home Depot and replace the batteries when they start chirping)

**Chapter 766 of the Health and Safety Code requires one-family or two-family dwellings to have working smoke detectors installed in accordance with the requirements of the building code in effect in the area in which the dwelling is located, including performance, location, and power source requirements. If you do not know the building code requirements in effect in your area, you may check unknown above or contact your local building official for more information.*

A buyer may require a seller to install smoke detectors for the hearing impaired if: (1) the buyer or a member of the buyer's family who will reside in the dwelling is hearing-impaired; (2) the buyer gives the seller written evidence of the hearing impairment from a licensed physician; and (3) within 10 days after the effective date, the buyer makes a written request for the seller to install smoke detectors for the hearing-impaired and specifies the locations for installation. The parties may agree who will bear the cost of installing the smoke detectors and which brand of smoke detectors to install.
