This is to certify that the above RESIDENTIAL sewage system has a RENEWED inspections agreement per TCEQ standards for on site sewage facilities as required.

Inspection reports by the above service company will be filed with the authorized agency as required by the TCEQ regulations. A weather proof tag or label will be attached to the controller showing the month that each inspection was made.

Items included on the Inspection Report generally include aerators, filters, irrigation pump, air compressor, disinfection device, chlorine supply, OK System light, spray field vegetation, probe, sprinkler or drip backwash.

Mark Chaffin is certified by the manufacturer of your system.

The air filter will be cleaned at each visit.

This agreement does not include the cost of repairs.

All service requests will be responded to within two business days.
