Read in accordance with National Fenestration Rating
Council (NFRC) standards on 6mm clear glass.

NFRC Certification Pending

Specification Use Statement - Reported values are typical properties and should not be used as a specification. Since the user is aware of the specific conditions in which the product is to be used, it is the user's responsibility to determine whether the product is suitable for intended use. If you need verification regarding specific use or additional information, please contact Madico or your local Madico Authorized Dealer. Since there can be variations in published data between printed materials, please visit madico.com for the latest reported performance measurements.

Duralite 30

Medium

Designed to create a neutral appearance, Duralite 30 provides excellent solar energy reduction while minimizing interior and exterior reflectance. Duralite's unique construction provides durable performance in all environments.

Duralite 30 also reduces annoying glare, helps prevent fading of furnishings and blocks unwanted UV exposure.

Sunscape Designer Window Films are an elegant, practical solution for comfort, protection and natural appearance. With over 100 years of innovation, Madico is a leading provider of advanced products engineered to meet your needs. When selecting the right window film for your home or building, you can trust in our professionally installed quality products.

Rejects more than 99% of UV rays

Cuts glare and unwanted heat

Saves energy and makes you feel more comfortable

Hold shattered glass together in case of breakage

Resistant to scratches and everyday wear

Reduces fading of furnishings and flooring

Enhances privacy and security

Madico Sunscape products are warranted for production quality. See your Sunscape dealer for warranty details. Ask about our Sunscape Residential Extended Warranty.
