WHAT I LOVE ABOUT MY HOME

- High Ceilings
- Beautiful Stairway
- The morning sun through the high windows gives such a warm, bright open feeling.
- The bedrooms are spacious and plenty of closet space.
- Great game room and/or TV room upstairs is great when the kids are home!
- Loved having both formals for great holiday dinners!
- The kitchen has plenty of cabinets as well as countertop space, including a desk with mail slots.
- I love the niches and under the stairway closet space.
- The exterior features a detached garage, an extended concrete patio.
- The backyard can easily accommodate anything you want to do and it abuts a large green space/retention pond.
- Easy access to I-45, the Grand Parkway, Hardy Toll Road, and Highway 249. Great access to everything within minutes, including shopping, dining, movies, and other amenities!
