Current Layout of Unit #404 with Modifications
(depicted in red)

Modifications include a wall dividing the Master Bedroom providing bookshelves & TV in Master Bedroom and His Closet with shelves, drawers, and clothes racks.

A spectacular 463 sq. ft. living room commands everyone's undivided attention as you enter this 2 bedroom, 3 bath residence. A cozy breakfast nook is situated next to the gourmet's kitchen for casual meals, while the formal dining room catches solar glass filtered light from a triangular balcony. The master suite features both his and her baths and walk-in closets; separate storage is also offered.
