## WE SWIM | BEND POOL

At our Longwood Bend location, we offer a pool oriented to athletic swimming, party events, summer swim team, and swim-at-your-own risk (SAYOR) exercise. **No lifeguards are provided at this pool location.** Parent supervision of registered young swimmers is mandatory at this pool. Pool hours are available far below in slide show, and as a PDF on Resident Resources Page.

The pool typically opens in mid April for our swim team, and the first of May for our residents.

The pool is usually open for SAYOR swimming from dawn to dusk, except Mondays for cleaning, when the swim team practices, or when a private party is booked.

If you need a SAYOR card (\$25), please request via TownSq. *NOTE: Only SAYOR card holders and their registered spouse and own children may use the pool during SAYOR times. No guests allowed during SAYOR swim for any reason.*

Pool parties may be booked at the Bend pool, and must include lifeguards, arranged through Lone Star Pool Management Company: [customers@lonestarpoolmanagement.com](mailto:customers@lonestarpoolmanagement.com) (<mailto:customers@lonestarpoolmanagement.com>).

Please login to TownSq to request a SAYOR

## WE SPLASH | TRACE POOL

At our Longwood Trace pool, family fun rules. Our covered kiddie pool, colorful splash pad and refreshing swimming pool provide hours of summer recreation. Why stay at home when you can come swim with friends?! Pool hours are available far below in slide show, and as a PDF on Resident Resources Page.

During the summer, our TRACE pool is open with lifeguards all days excepts Tuesdays (cleaning day). See Resident Resources for pool schedule. We generally follow CFISD summer schedule as most of our lifeguards are CFISD students and only available when school is on summer break.

While our community provides lifeguards at the We Splash | Trace pool, we encourage parents and caregivers to effectively supervise and diligently watch their children while they are at the pool. Water supervision tips [here](https://judahbrownproject.org/water-safety-information) (<https://judahbrownproject.org/water-safety-information>). Swimmer safety is paramount in our neighborhood!!

## **LONGWOOD GOLF CLUB**

Many area residents enjoy the neighborhood public fairways which are carved out of dense forest, making each hole secluded, distinctive and memorable. Its small, well-bunkered greens were crafted with handicap players in mind. The course's four sets of tees and generous entrances to greens provide players of all skill levels with an enjoyable challenge.
